

rhapsody ARTS CENTER

Music Therapist Position

Rhapsody Arts Center, a 501c3 nonprofit community school of the arts, located in Verona, WI, is seeking a music therapist to serve clients in individual sessions at our center as well as run music therapy groups in local assisted living and memory care facilities. Individual clients will include primarily children and some adults with disabilities as well as possible referrals of children with pain management, medical and emotional needs. This position will also include adaptive lessons for students with disabilities. This is a second music therapy position and will work with the current music therapist.

Position responsibilities

Music therapist

- Assessing clients, writing treatment plans, conducting sessions and reporting client progress
- Program marketing to recruit new clients
- Providing invoicing information to office staff for billing
- Private instrument instruction to students with special needs
- Continuing services to area senior centers, senior homes, care centers and daycares
- Expanding services to additional facilities and schools
- High student retention expected

Instructor, private lessons

- Voice, piano, guitar (as able)
- Other beginning instruments as needed (for therapy clients, adaptive lessons)

Possibilities for Position growth

- Expanding to additional senior centers and facilities
- Other growth in line with candidate's' interests and skills
